# About this workshop

This special two-day event has been designed to provide a detailed insight into the presentation and analysis of Claims under the FIDIC 1999 Contracts. The programme has been designed to be highly practical and includes active participation in "hands-on" workshops and discussion sessions.

**Taner Dedezade**, the workshop leader, is a **FIDIC Accredited Trainer**. He is a highly qualified international construction lawyer, very experienced in FIDIC Claims and FIDIC Contracts and is an excellent, dynamic speaker.

The International Federation of Consulting Engineers (FIDIC) has, over the years, issued a number of standard documents for use on construction projects. The contracts which are currently in most common use around the world are: The Conditions of Contract for Construction (The 1999 Red Book); The Conditions of Contract for Plant and Design-Build (The 1999 Yellow Book); The Conditions of Contract for EPCTurnkey Projects (The 1999 Silver Book). For more information about ARIC, please go to [www.aric.org.ro](http://www.aric.org.ro)

## Who should attend?
